

## OVERVIEW

The Historic Hotel Colorado was built in 1893 and is a Colorado icon! Located in Glenwood Springs, right off I-70 and directly between Aspen and Vail, this full-service conference hotel is an ideal location for groups and meetings.

We offer over 10,000 square feet of meeting space, award winning service and six private meeting rooms for as many as 300 people. The Hotel Colorado has been host to Presidential dinners, corporate strategy sessions and dignitary balls for more than a century. Now your group will be treated to the utmost care and professional expertise while we plan your meeting or event together.

Hotel Colorado arrived in Glenwood Springs during a thrilling time in the history of America's West. Modeled after the 17th century Italian Renaissance castle, Villa de Medici, the resort surfaced onto a land of prosperity; to serve the wealthy, to house the ailing, to offer a playground to society's elite. Today's guests enjoy the hotel's historic ambiance while experiencing all of the area attractions the Roaring Fork Valley has to offer.
